PROFILE SUMMARY

Proficient in JavaScript, React, Bootstrap, HTML, and CSS, with a strong understanding of modern development frameworks. Passionate about creating user-friendly interfaces and optimizing performance for seamless user experiences. Skilled in responsive design to build efficient web applications. Eager to contribute innovative solutions and expand technical skills in a dynamic team environment.

EDUCATION

Jagruthi Degree & PG College.
Bachelor's in Commerce

2021
CGPA:8.07/10

PROJECTS

- Hydro (Blog) -- Developed using HTML and CSS
- Calculator-- Developed using HTML, CSS and JAVASCRIPT
- Todo-List-- Developed using HTML and CSS
- Weather App--Developed using HTML, CSS and JAVASCRIPT

TECHNICAL SKILLS:

- | | |
|--------------------------------|--------------------------|
| • Programming Languages | : JavaScript |
| • Tools | : Git GitHub VS Code |
| • Web Technologies | : HTML CSS Bootstrap |
| • Framework | : React.js |

SOFT SKILLS:

- Good observer
- Solid work ethic
- Adaptability
- Problem-solving
- Positive attitude
- Stress management
- Willingness to learn
- Self-motivated person
- Communication
- Time management

PROFESSIONAL SUMMARY:

UI Developer – 2.4 Years of Experience

- **Front-End Development:** Hands-on experience in building responsive and user-friendly web interfaces using **HTML, CSS, and JavaScript**. Familiar with modern UI/UX standards and best practices
 - **Bug Fixing & Troubleshooting:** Proficient in identifying, debugging, and resolving UI-related issues in a timely manner to ensure seamless user experience and functional integrity.
-

- **Content Review & Quality Assurance:** Reviewed web content to ensure compliance with internal design policies, coding standards, and accessibility guidelines.
 - **Issue Escalation & Collaboration:** Worked closely with cross-functional teams to address and resolve UI issues efficiently, enhancing project delivery timelines and user satisfaction.
 - **Moderation Tools Integration (Optional):** Participated in integrating moderation tools or dashboards into internal platforms, focusing on usability and performance.
 - **Mentorship & Knowledge Sharing:** Guided new team members and junior developers on UI best practices and shared project knowledge to support team growth and continuity.
 - **Leadership Support:** Took ownership of additional tasks and responsibilities in the absence of the team lead to ensure project progress and coordination.
 - **Team Contribution:** Actively contributed to team discussions, code reviews, and collaborative problem-solving to maintain high UI quality and performance standards.
-

CERTIFICATES:

- Got Business Star Award In Accenture.
